1st-3rd Place Elementary Player

1st – 3rd Team (Total scores of each school's 4 highest scoring players)

Please note the new location for the tournament at Owens Community College. All tournament chess sets will be provided, players must bring a pencil, chess clock and skittles boards. If you are unable to attend a certain round, half point byes may be requested. A Swiss pairing system is one in which you play only opponents that have identical scores. For example, if after 3 games you have 1 point, you will play someone else with one point. No player will play anyone from his/her own school. The tournament will last till 6:00 PM on Saturday and till 7:00 PM on Sunday so make arrangements to be picked up by those times. **Please make advanced registration by e-mail to John Pokrzywa at starthighchess@yahoo.com** . Be sure to include the following information: Players first and last name, age, grade, school, and high school rating if available. Please make payment for your registrations on Saturday morning when you check-in. Also include information if there is any round a player may not be able to attend. Only players with established high school ratings may compete for the Upset Prize. Ratings may be assigned to players without ratings to allow them to compete for class prizes. All rules of the United States Chess Federation (USCF) will apply. This is always a great tournament to play and watch. You will see many players from all different schools. This is also a good warm up for the High School League Championship, which will begin toward the end of January. We will also need coaches or parents to volunteer to supervise the skittles area. The schedule for the final play-offs will be given out at this tournament.
