Dec 16	<i>Open Date</i>		<i>Open Date</i>		<i>Open Date</i>		<i>Open Date</i>	

Home Teams are listed second. Inter-division pairings were based on the Scheveningen pairing system. **White division teams** who are scheduled to play against the Blue division only needs the top four boards and to report as a single team.

Rescheduling: Please contact the other coach as soon as possible to arrange a change of match dates and notify me of any changes. Matches may be rescheduled for any date convenient for both teams.

Confirmation: The hosting coach should contact and confirm with the visiting coach a week prior to the match. Please confirm the date, time, location, parking, number of players and any other details.

Playoffs: The division winners will be seeded into the finals. The runner-up team of each division (and the third team in the White Division) will play a preliminary round robin. The top two teams from that preliminary round will join the division winners for a five game round robin to determine the school city champion.
